

Eco Litter Bin 112L

This 'eco' bin 112 litres is our flagship litter bin with a cut corner design. Manufactured from 2mm, hot dipped galvanized steel, primed and powder coated in a choice of RAL colour. An aperture to all four sides maximizes litter collection, with deflectors that ensure waste goes inside the internal liner.

The bulkier design means that this bin is the ideal choice for on-street collections but is also suitable for areas with a high footfall, including school grounds and public attractions.

<u>Dimensions</u>		Width	Depth	Weight
Capacity	Height	485mm	334mm	34kg
90 litres	955mm			

10 Year Anti-Perforation Warranty

Our Galvanized steel products feature a 10 year anti-perforation warranty as standard. This guarantees the surface of our products from rusting through completely.
