

# Heavy Duty Removable Parking & Security Post

- Post Height (above ground): 790mm.
- Package Height: 1000mm.
- Steel Box Section: 70 x 70mm.
- Steel Gauge: 3mm.
- Spigot: 200mm Long.
- Padlock: Yes (3 keys).
- Keyed Alike Available: Yes.
- Weight: 8 Kilo
- Colour: Yellow or Black

Supplied in good Bright quality powder coating and stand 790 mm when in position.

The ground spigot is 200 mm deep and is fixed into the ground using cemented or post mix, ideal for all types of applications including block paving, gravel, tarmac & concrete.

When the Post is not in use it would be stored away in a nearby building or vehicle boot, although a lot of customers will purchase a second ground spigot and have this fitted to the side of the access just to store the Post.

12 Month Warranty
