

Slatted Bench

Both variations of our slatted benches are to be designed with durability in mind, featuring a strong and sturdy frame made from pre-galvanized fully welded box section. The inclusion of a backrest in both sizes adds extra support for users. The choice between the two sizes (Medium with 5 slats or Large with 8 slats) allows for customization based on preferences or specific requirements.

Dimensions

Medium Height:764mm

Medium Width:1800mm

Medium Depth:532mm

Large Height:914mm

Large Width:1800mm

Large Depth:587mm

Weight: 30kg, large 35kg

Construction:

Frame made from pre-galvanized fully welded box section

Additional Feature:

Backrest for extra support
